System Requirements For XChatting Advanced:

Mac - OS X 10.6 or later Windows - Windows 7 or later Introduction The default keyboard map for Windows is a complete mess. Based upon the US "international" keyboard, it's not immediately apparent what each keyboard key does, and there are a ridiculous number of backslash / tilde / period / linebreak / ENTER keys, to the point where I often reach for the go-to US keyboard map. Keyboard backslash, dot and period keyboard keys. Photo by Itamar Hecker But, there's
