My Gallery What an exciting adventure! I made these matching sweaters for my girls (2 & 3 years) and I ended up doing 9 different things on each sweater. I learned on all of them and hopefully through this project they can make their own matching sweaters. Hope you like them and find some inspiration. Have a great rest of your weekend.`

Hopes, passions, dreams, and a love story that will heal the wounds of the past... Everything in life seems to be so much more than meets the eye, and the story you are about to read has the same secret behind every page. A story of endless time, ancient mythology and magic... It begins on the coast of southern England at the beginning of the XXI century. A young couple, Ian Stone and Amada Lovelace, find themselves in contact with a stranger, a down-on-his-luck magician named Eric. This all happens without them even realizing it. For Ian, its as though a wish come true has just been granted... And we only learn that this is not the truth... Amada has been in love with Ian since she was a child, but because she's a bright woman, she refuses to believe what she saw on the day her husband died. Eric is trying to fulfill a strange destiny, which would be known only to him. But if you've been keeping up with the "demons" of this story, you may have already guessed that Ian was not killed by his wife, but rather by his brother Charles. And behind that smoking mirror you may also have already guessed the identity of the murderer that wears a mask. Rise of the Demons: Demons are not just a myth... They've risen in the West. They shape the destiny of countries, manipulate governments, and have the world held in their hands. As popular events such as the earth's axis shift or nuclear experiments threaten to expose them and get the world going insane, Eric soon realizes he must put an end to them before it's too late, and that the only way to do it is by eliminating every demon in the planet. The problem is that all demons have allies and supporters that also seem to have their own reasons. Because of this, only Eric will be able to defeat the demons - and only if he realizes the truth in the past... Features of the Game: - The
