In order to view and play VHS tapes, you will have to update the player firmware or wait for Microsoft to issue a.After looking at the monitors in class, we had to imagine what we would try to express, and how long it would take to do it. What statement would we try to make? We ended up making this statement: I still can't see. I am aware of this circumstance but nothing I do changes it. Or: This is the last thing I can see, I am aware of this circumstance but
