"If you've played Square Enix's Final Fantasy XIV Online, you know how Final Fantasy XIV Online II is. It's the same game with some nice additions. But this game takes the concept to a whole other level, and the reason why I think it's so great is that it makes you feel like you're actually living in this world." -Rodriguez, New Dawn Radio "Rise, Tarnished is a streamlined, yet challenging RPG that once you play it, you'll feel like it's the one game you want to come back to again and again. It's the sort of game that you'll want to keep playing even after you reach the final boss." -Miya, Yooniverse "Rise, Tarnished is an entirely new world where your choices define your story. An epic fantasy RPG that is at once brutal and emotional, Rise, Tarnished is an experience you won't forget." -Rune, DualShockers "The story is simple and the interface is intuitive. If you ever got tired of reading the dialogue choices in the games of your past, Rise, Tarnished will be a breath of fresh air." -Amic, GameRant "The magic system in Rise, Tarnished is phenomenal, and is the sort of thing I haven't seen in an RPG before. It also allows for great customization, and I love that this is possible in a game that has a strict focus on combat." -Vessanas, Kotaku "The characters are interesting and believable, and if you're looking for a deep story in an RPG, you may find it in Rise, Tarnished." -Jaxon, KROG "The story is one of the most fascinating I've ever seen in a fantasy RPG, and I highly recommend this game if you're looking for something new and exciting in an RPG." -Kitperer, GameRant "I was stunned that this game's story was good enough to let the player experience emotions like I do in most RPGs. I thought maybe this game has gotten too good to be true." -Akufujin, GameRant "I know it's hard to believe, but I thought my favorite RPG of all time was so much better than this. bff6bb2d33
