•Roblox is a free online game and game creation system allowing users to design games and play those designed by others. The site is powered by the open source LÖVE framework and provides an array of tools and services. Users can create HTML5 games by writing code using the Roblox Programming language. •Roblox users create programs called "Blocks" that can contain visual elements such as doors, beds, boxes, TVs, and windows. Users can then place these elements into stories that can be played by other users. •Players can buy Robux with real money to purchase additional game features. Robux can be earned for free through gameplay or purchased using credit cards. Robux are usually used to purchase one of two in-game items: Robux allow users to skip the in-game tutorial, or if they are logged in as a premium user, certain premium features are available. Robux can also be used to buy in-game virtual gifts or furniture for users' characters. •Roblox games can be downloaded and played in any web browser without the need to download or install any software. Players use an alias and an avatar to play the games. •The platform is designed for children aged 6–13 to learn programming and build their first games while role-

playing a character in a virtual world. Users are given a hands-on learning experience that fosters creativity and understanding of logical, computer programming concepts.

- Roblox is designed to accommodate a diverse group of users and has been used as a platform for learning in school or to build team projects with friends.
- Roblox is free to use and many of its games were created by non-profits and educational organizations during the Alpha stages of the platform's development. Roblox Community Grants were also part of the Roblox development process and were launched in June 2017 by Steve Jobs.
- In May 2016, Roblox released a \$2 million fund that was used to acquire popular games developed for mobile devices.
- In October 2016, Roblox launched its own take on the Snapchat Discover feature. Users can watch video clips of Roblox games that are curated by Roblox.
- In August 2017, Roblox became available for tablets.
- In June 2018, Roblox released a web game player that is accessible in any web browser.
- In July 2018, Roblox launched its first theme park, called the Roblox Island.
