January 23, 2022 - Coub is YouTube for video loops. You can take any video, trim the best part, merge with other videos, add soundtrack. As a result, this video can be uploaded to Coub and the output is a funny video that can be shared and shared on social platforms. And now we're seeing a lot of people distributing content primarily through Coub. And this means that this is not only a convenient service, but also a very important one. Therefore, I think that this technology should be supported, because people need it. And I believe we are already part of this technological revolution.
