The reason Peters house, and only Peters house, is not technically part of the United States. Feeling betrayed by his now former government, Peter decides to form his own union on his non-American soil, which he aptly titles Petoria. That he was able to do this, or that his house and his house alone would be foreign soil within the US is crazy enough, but how Peter manages to mess up his circumstance and diplomatic immunity is even crazier. The show was also known for its unusually large fight scene - a fight scene that frequently used practical effects rather than CG. At one point, Sid Vicious (voiced by B.J. Novak) nearly had his head completely shaved. As in the episode, Peter then moves into Quagmire's house. Over the course of a month, he refuses to do any chores, starts using Peter's credit card, gets drunk every night, and starts to develop bad habits. Things do come to a head when Quagmire receives a phone call from Peter, who gives him a message for his father, instead of himself, which is badly timed, as Quagmire's father is in the hospital with a myriad of diseases, including cancer, while Quagmire is just about to get rid of the dog that was standing in the doorway. The first time we see Peter's new-found humility, he begs for mercy, just like Quagmire, to which Quagmire replies that mercy is reserved for those who are far more worthy than he is (as he will be soon).

Another surprisingly good episode for the show, and one of MacFarlanes best, Family Guy manages to balance humor (through a ridiculous premise and characters behaving in stupid ways) and tenderness with its most recent episode. Family Guy is perhaps most certainly known for its utter lack of morality, as this episode proves. As always, during the episode, Quagmire and Peter are drunkenly discussing what the two of them would do if they knew that they were both now alive but grown old. They suggest that they kidnap and brainwash several young women in order to control their sexuality. When Peter shows up at his house, in the middle of the night, and opens the door, Quagmire realizes what has been going on and demands to know who he has kidnapped. Peter is angry at first, but then admits that he has kidnapped young women whom he calls the sexless virgins. Quagmire then organizes a dinner for all of the young women to use their sex ability (which is controlled by being touched) on each other. When Quagmires wife is charged by the police with assaulting the women, Quagmire requests a deal, and the police arrest Lois for domestic abuse. Quagmire and Peter realize that the only way to beat Lois at her own game is to kidnap, brainwash and rape several other young women. Quagmire then hires a gay man called Louie to act as a male prostitute while waiting for more young, virginal women to show up. In the early seasons of Family Guy, Peter is a stay-at-home dad who lives a relatively peaceful life (that is, until he gets drunk and pisses off the neighbors). In season 4, at least, its revealed that he has been running a sideline in
